# Design Ownership Agreement

AMIBA is a national 501c3 non-profit organization dedicated to helping communities maintain their social, cultural and economic health and well being through helping them foster Independent Business Alliances. AMIBA provides resources to help communities like yours prevent the displacement of local independent businesses and engage citizens actively in determining the future of your community through increasing support of those businesses.

AMIBA is parent organization to your local group. We are a resource hub from which they can access ideas and materials -- as well as contribute to them. Part of the affiliation agreement between your local group and AMIBA is sharing materials they develop with us for this very purpose.

You are integral to this process and the success of the program, both locally and nationally. This agreement demonstrates a shared understanding between you, as graphic designer, and your local organization that materials developed by you for the organization shall be shared with AMIBA for purposes of potential use or adaptation by other groups like theirs.

AMIBA requests native design files from our affiliates in order that a designer, such as you, may adapt a given design for local purposes instead of having to recreate it.

AMIBA appreciates your cooperation with our affiliate group and recognizes the sacrifice you make in supporting your community through your local IBA. We also recognize you already may be providing services at a reduced cost or donating them. We know your talents are unique, and we shall ensure proper credit is given for your work.

The following statement of agreement will be kept by your local group for their reference. Be sure you receive a copy as well. Thanks for supporting your community and the spirit of local independent businesses everywhere.

The undersigned agree that native files developed by
